Danu Corporation
Vice President
Design Manager
27432 Aliso Creek Rd.
Aliso Viejo, CA 92656

Dear Vice President and Design Manager,

I am excited to apply for the Plush designer position at Danu Corporation. I understand you have an opening, and my character design and animation skills will allow me to thrive at Danu. I have been drawing and creating characters since I was in elementary school, so it has always been a passion of mine. I love plush products and toy designs and making adorable and lively-colored characters. Drawing inspiration from new trends and shifts in design composition has always been a gift. I admire the culture and brand of Danu Corporation and like the idea of a small office production staff responding to the sales of the corporation.

I am an artist and have always been and always will be. I want to work in my field; I am a hard worker and have a creative spirit. While I am confident in my abilities, working for Danu Corporation will give me new challenges I am eager to meet. Working for a corporation is desirable, and I understand the flow of a corporation that produces merchandise. Production responds to sales.

Along with drawing characters and creating new plush characters, customer service and satisfaction are top priorities. Some people continue college classes to learn and stay challenged. Still, if I am lucky enough to be chosen for this position, my satisfaction will come from every project since every project will be a new learning experience. I am interested in a long-term position; therefore, starting as an intern or temp is welcome.

In closing, if you like my resume and would like to hire a plush designer skilled as a character designer, prompt, dependable, hardworking, and organized with good follow through, I would like the opportunity to join Danu Corporation. I am available immediately.

Best Regards

Mackenzie Krueger
